**Please answer the following two questions on separate sheets of paper and attach to your application.**

1. Discuss experiences you have had that are relevant to your decision to pursue a graduate business degree. Describe the type of professional work and intellectual goals for which you are preparing and how the DBA program at Anderson University relates to your career objectives. In addition to the depth of study in a person's discipline, the AU DBA program strongly emphasizes both specific preparation for successful classroom teaching and the intentional integration of a Christian worldview into the teaching of the discipline. Please describe why these are important to you and what you hope to gain through this program in these areas.

2. The admissions committee would like to know as much as possible about each applicant. If there is other personal or professional information about yourself that you feel would assist the committee in making a more informed judgment, please feel free to submit it along with this application. Please indicate any special strengths, concerns, or weaknesses you would like the committee to consider.
