ANDERSON UNIVERSITY  Report of Gifts 2017
Greetings!

As we close another school year here at Anderson University, this bittersweet time urges us to reflect upon the past year and the many ways in which God has blessed this campus and the students. We appreciate the impact your gifts have made on the student experience, and we value your partnership with AU. You have been able to help us accomplish great things for current and future students, including:

- Providing financial assistance to 100% of current full-time AU undergraduate students;
- Providing opportunities for leadership development and experiential learning;
- Offering outstanding academic programs such as engineering and national security and cyber security studies;
- Facilitating rich and meaningful experiences for Christian spiritual transformation; and much more!

These opportunities have only been made possible as a result of your generosity and partnership with us, and we are thankful for donors like you.

Thank you for your continued support of Anderson University and for walking alongside us to make students’ dreams become a reality. You are making all the difference!

Sincerely,

Jen Hunt

* These contributors were eligible for matching funds from their employers during 2017

Words cannot express how grateful I am to each individual that helped make my experience here at AU enjoyable by helping ease the stress of financial burdens. There is no way in the world I could ever repay you for what you have done to help me. I pray that your lives are as blessed as you have made mine over my past 4 years.

“This campus has changed my life. However, I couldn’t have afforded AU without the scholarship I was awarded. I’ll forever be truly grateful to the kind hearted donors who help transform so many lives like mine.”

HAMiLTON SMiTH, MARKETING, ClASS OF 2018
Giving to AU through an endowed scholarship fund (ESF) is one way to touch the future and honor those who’ve believed in the work of this institution. The gifts received today provide continued support for AU students in the future. I value the education I received at AU and hope that my ESF contributions will help make a difference in the lives of students.
